SALMISTA

JOSH MORALES

Prayer for graduating
classes 2019-2020

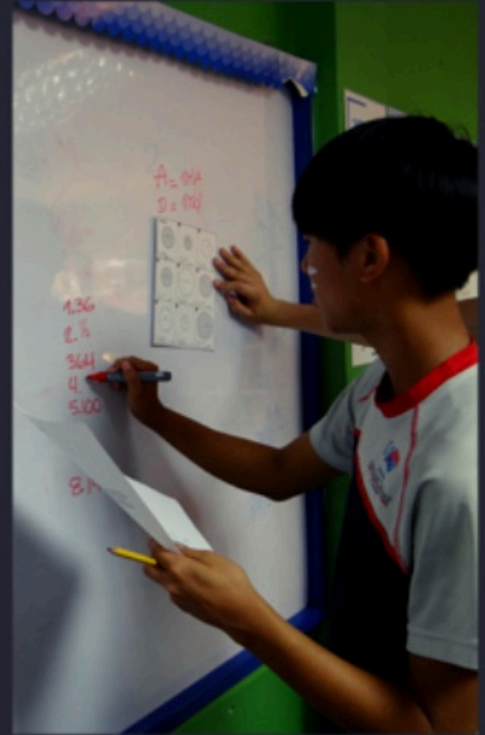

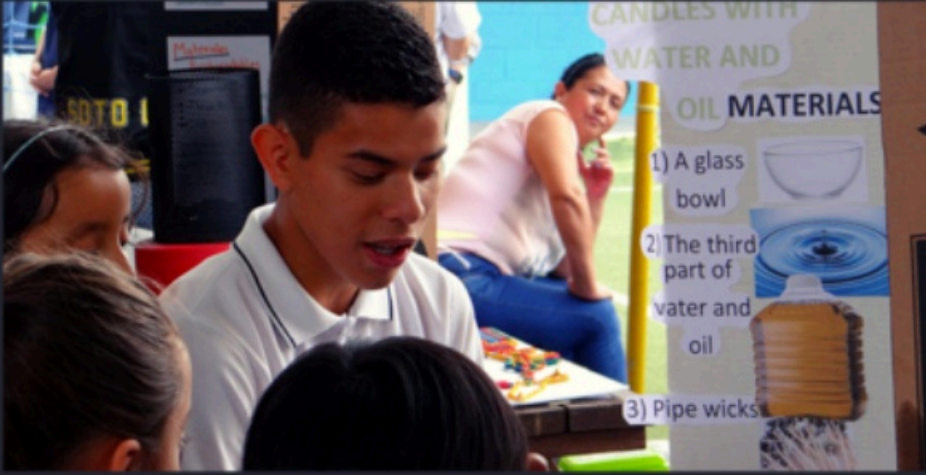

“ **H**i, I am Josh Morales from Miel San Marcos and I want to congratulate all graduates of this year in Christian American School of Guatemala.

I know that God has big plans for you all. My advice is never divert your sight from God. He will raise you up, He will take you to places where you can't imagine and He will promote you. The best generation will be Jesus in you. The only thing that we ask for, that I ask you as a Guatemalan and a man of Christ is don't divert yourself somewhere else and put your sight on Jesus Christ.

Honor your parents and I am convinced that God will keep lifting you up.”

Josh Morales
Miel San Marcos

2019-2020

Welcome!

ADMINISTRATION

MS. VIVIAN PINEDA
PRINCIPAL

Dear parents, teachers and students:

2020 was a year that will go down in our memories. We learned to educate ourselves and learn in different ways, also to miss ourselves. We made the best of online. It was exciting to see your faces on camera and to know your homes and families a little more. We must learn and enjoy every moment, and remember that GOD has control. We will see each other again in person soon. And we will carry all these new memories with us and the lessons learned will not be forgotten.

MS. JENNIFER DE GARCÍA
PRESCHOOL DIRECTOR

Another great year has passed and with that, a year of learning, fun, and great friendships. It is incredible working with Preschool children and seeing them grow, work through challenges and smile as they reach their goals. "Children are precious gifts from God" (Psalms 127:3, 4) I thank Jehovah every day for this privilege of being with them. I want to thank my team for making this year very special. I am very proud of the achievements accomplished, especially the hard work of all the students and staff. We have shared many memories and I will always treasure each and every one of them, from our story times, special visitors to the beautiful cards made with so much love and those great big hugs received each day. Thank you for making this year GREAT!!! .

MS. KAREN ALVARADO
ACADEMIC COORDINATOR

This was an amazing year, full of experience and learning. It's incredible how much I learned from every student, every teacher and every parent.

I'm really grateful with all of you for your effort, dedication and for doing an awesome job along the year but specially during the quarantine time we were pushed to deal with, I really admire all of you!

Remember to have a grateful heart in every situation, just as David reminds us in psalm 136:1 "Give thanks to the Lord, for he is good. His love endures forever". My best wishes for you, God bless you all!

MR. DANIEL REYNA
MATHEMATICS COORDINATOR

It was a crazy and really special year. Thanks for every moment we shared during the school year, all your effort inside the classes and online. Just remember that all in life is about math, you need to add effort and enthusiasm, subtract the negativism and stress, and multiply the fellowship. Something interesting in Math is that maybe you will never solve the problems in real life as the questions that are in the book, but at least you learn that all the problems have a correct answer.

I never imagined that Pi-day would be the last day of school, we enjoyed the day with the Math Olympics, and then our annual Pi-Day Rally! It was a lot of fun being running around the school, and solving math problems, who says Math is not funny? And for sure, to finish the day, the always exciting Pie Eating Contest. At least it was an amazing last day of school, and thanks for your dedication and enthusiasm during that day. Keep dreaming, and on your way to achieve your goals, just remember to be "Siempre Alegres".

MS. KATIE GINDL
ELEMENTARY COORDINATOR

Thank you parents and students for a great year! You made it! I cannot believe how fast this year has gone. It has been a pleasure to get to know many more of you this year and I am looking forward to seeing you all next year. Parents, thank you for your continued support and encouragement this year as we transitioned to online. Students, thank you for keeping a positive attitude and putting in such hard work! May God bless each one of you and again, looking forward to seeing you all next year.

MS. LEONOR DE MARTÍNEZ
ACADEMIC COORDINATOR ASSISTANT

We have finished a school year full of joys, adventures but above all experiences and challenges that leave us a teaching for life, I think that all of us, students, teachers, parents and administrators, will remember the abrupt changes that we suffered and that we had to adapt to our lives but we will also know that we have overcome every challenge that was presented to us with the best attitude and with the help of God following his steps, it is important to look forward and focus on our goals and objectives with the best attitude as the Bible says in Joshua 1: 9 "Have I not given you your orders? Take heart and be strong; have no fear and do not be troubled; for the Lord your God is with you wherever you go". With love, Ms. Leonor Hernández de Martinez

Me detenía a observar y pensar.... este espacio tan minúsculo en donde tengo que describir todo lo que hemos compartido juntos, que claro está, no alcanzaría para escribir tantas cosas que estos 365 días nos dieron estando juntos. Muy cerca y a distancia a la vez. Este año al inicio con sentido aventurero, y con este final tan diferente pero tan lleno de agradecimiento por haber sido parte de esas pequeñas vidas, que estoy segura, cambiarán el futuro de nuestra Guatemala. Llevaré en mi corazón con ilusión esos momentos llenos de pequeñas sonrisas que no hacen más que llenar mi vida de gratitud y amor sin interés. Espero que sigan brillando para que sean luz a donde quiera que vayan, pero sobre todo crezcan y lleguen tan alto como las estrellas del cielo.

Ms. Estelita

This year has been quite different for all of us. As a mother and grandmother, I get excited at the beginning of each new school year because I get to share my love and passion with my new students and their parents.

Unfortunately, this year a Global Pandemic had turned things around. Not only did I learn more about myself but I learned from parents how to stay focused and determined. I take my hat off to my 2019-2020 parents this year for being the BEST TEACHER to their child.

I am blessed once again and I cherish the friendships that I have made with parents being a teacher at CAS. In the classroom or via the computer WE ARE FAMILY !!!!!

My dear friends, you did it. Congratulations. I am so proud I was your teacher. I have watched you grow and learn every day. We worked very hard and had a lot of fun. The year passed too fast! We did not plan to end it this way, but your dedication and effort has been amazing and that makes me very proud. We had many special times, but now it is time to part. Just know that you will always have a special place in my heart. Much love,

I can't believe it is the end of the year already! We had an incredible year together. Our classroom was filled with laughter and smiles- because of all of you! I loved seeing how you cared for one another and tried your best- even if it was hard. I am so proud of all of you for being hard workers- even when we had to change everything and work online. I will miss all of your hugs and laughter!

Thanks for being my "classroom family" while I was away from my family. You will always be in my heart and prayers.

Love, Ms. Casey

Well kids the school year has come to an end. We had a very special year, with field trips, retreat, and staying home doing our classwork on line. Over all we had a great time and I thank the Lord for having put you on my life. I have great respect for all of you. You have proven to be willing to learn no matter what adversities may come your way. You are going to be great and succeed in all you do. Remember..." life is about choices, miijo."

Reach for the sky and may our Lord always be your guide.

Martin Pérez
Homeroom Teacher

To my first class ever! 7th graders you are absolutely the best and do not let anyone tell you differently. This year you proved that opinions can be changed and that you can change for the better. You all taught me that you do not need to be an expert in something to do great at it, all you need is a little dedication and patience to do it. I want to thank you for making teaching the farthest thing from a job, you've made it a true pleasure and a wonderful experience. Remember that as a teacher, I am not only there to teach but to support you and be your sidekick in anything you need. I will miss you all and pray you are safe during this time. I can not wait to see you next school year!

Love you all!

BEST FRIENDS

Al inicio del ciclo pude sentir el gozo de tenerlos como grado guía y sentir la emoción de saber las miles de aventuras que nos esperaban. Sin equivocarme hemos gozado, reído, incluso hasta hemos tenido momentos de reflexión, sin olvidar los detalles que nos unieron como un gran grupo. Incluso no podemos dejar atrás los momentos en que tuvimos que experimentar el momento de separarnos y no vernos físicamente y terminar el ciclo viviendo día a día los detalles de convivencia. Sin embargo paso a paso hemos comprendido que el estar lejos no nos aleja más bien nos unió. Les aprecio y les agradezco por ser tan únicos y sinceros conmigo. Me llevo en el corazón esos pequeños pero a la vez grandes momentos. Extrañaré esas características incomparables que ustedes me hicieron conocerles. Gracias por permitirme formar parte de su vida estudiantil. Les aprecio mucho!!!! NOVENO GRADO.

No saben cuanto tengo que agradecerles por darme la oportunidad de conocer a cada uno de ustedes en diferentes ámbitos y aspectos, se que fue un año muy diferente pero en los momentos que nos tocó compartir los disfrutamos al máximo, cada risa, cada ocurrencia, cada llamada de atención e incluso cada regaño que les tenía de dar creanme que lo hice con muchísimo cariño. Llegaron a significar mucho en mi vida y a siempre sacarme una sonrisa y hasta carcajadas que de verdad valoro mucho cada uno de esos recuerdos. Todo este tiempo que llegue a compartir con ustedes dentro y fuera del salón de clases hace a que nunca los llegue a olvidar. Fueron una clase muy especial y única de la cual jamás olvidaré desde que llegue a ser su maestra guí a fue un reto grandísimo para mí ya que eran la clase más linda que pude pensar tener para poder manejar. Gracias por haberme permitido llegar a formar parte de este trayecto llamado vida, saben que siempre cuentan conmigo para lo que necesiten tienen a una maestra-amiga en la cual puede contar en cualquier momento. Nunca dejen de luchar por lo que les apasiona e interesa, recuerden que no son maquinas ustedes son seres humanos que estamos diseñados de diferente manera con diferentes habilidades y cualidades que una nota no definen su éxito. Muchos demostraron ser unos excelentes cocineros, otros creativos en el arte y la pintura otros en creatividad y eso los hace ser únicos. Enserio deseo lo mejor para sus vidas que Dios los bendiga y lleguen a tener muchos éxitos y triunfos y nunca se den por vencidos.

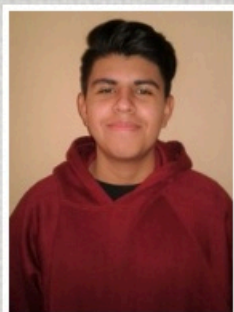

Con mucho cariño Miss Wendy de León.

HOY QUIERO DEDICARLES UNAS PALABRAS A MI GRADO GUÍA ES UN POCO DIFÍCIL REFERIRME A TODOS EN GENERAL PORQUE CADA UNO DE USTEDES ES ESPECIAL EN SU FORMA DE SER, PERO ME SIENTO MUY FELIZ DE HABER SIDO SU MAESTRA GUIA DURANTE ESTE AÑO ESCOLAR, AUNQUE FUE UN POCO COMPLICADO POR LA SITUACIÓN QUE ESTAMOS VIVIENDO, PERO DIOS HA SIDO BUENO Y GRACIAS A ÉL ESTAMOS BIEN Y CUANDO TODO ESTO PASE LO RECORDAREMOS COMO UNA EXPERIENCIA QUE NOS HA DEJADO TANTAS ENSEÑANZAS. CADA UNO DE USTEDES MARCÓ MI VIDA DE UNA MANERA ESPECIAL, CRÉANME QUE SON EL MEJOR GRADO QUE UN MAESTRO PUEDA TENER. LOS QUIERO MUCHO Y ESPERO PODER SEGUIR COMPARTIENDO CON USTEDES.

MISS FABIOLA ROMERO

15 YEARS ANNIVERSARY CONGRATS C.A.S.

"GOD PROTECT YOU AND PROVIDE ALL
THE KNOWLEDGE AND WISDOM [...] AS
YOU BECOME ADULTS"

DEAR SENIORS

It is not easy for me to put into words what to say about your class because many of you have been at CAS since you started in Preschool. My heart is so sad to say goodbye and know that I will not see you as often! now that you are graduating. I have been able to see you grow academically, spiritually, and physically all of these years. It has been a pleasure for me to meet all of you personally by name. I'm pretty sure all of you are going to shine because everyone has a special light. God protect you and provide all the knowledge and wisdom you need to make the best decisions now and as you become adults. You are ready to enter the world and show all you have learned over the past few years.

Remember, to be successful in life, yes it is important to work towards your goals, this is success, but it is also important to help others along the way. Helping other achieve their goals while you continue working towards your goals, is true success in life.

God bless you all

SENIORS

CLASS OF 2020

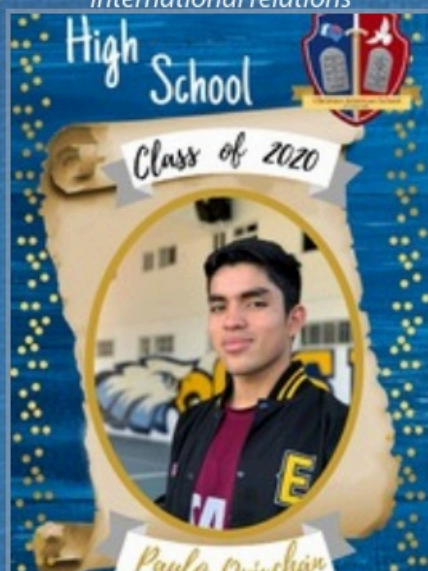

I will study study commercial engineering with a specialization in international relations

I will study business administration

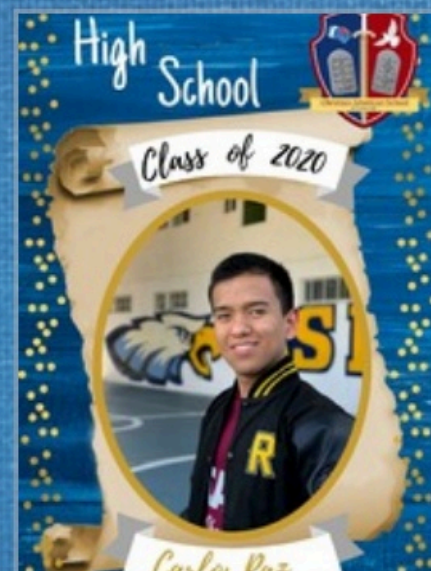

I will study architecture

I will begin my recording studio, and my career of musical production

I will study medicine with a specialization in cardiothoracic surgery

I will study aviation

I will study business administration

I will study major in Aeronautical Science and a minor in Business Administration.

I will study odontology

I will study cinematography and creative writing

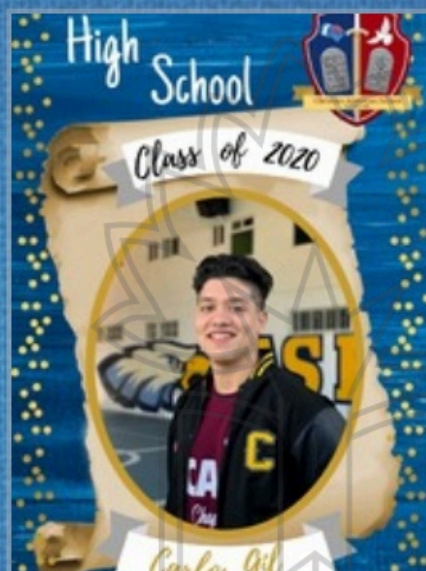

I will be a FIFA certified sports manager

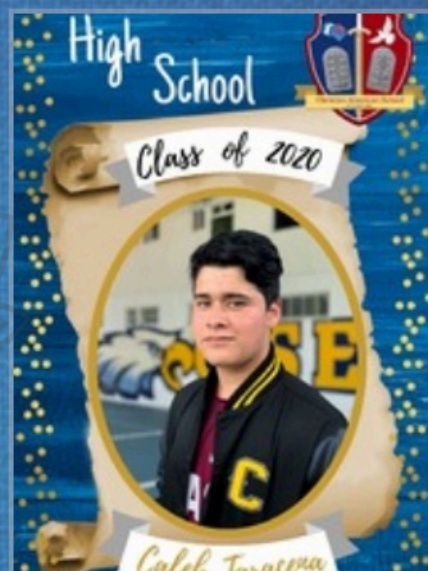

I will study urban planning

I will study Business administration with finance specialization

I will study business administration

I plan to study law

Lo lograron! Felicidades por concluir este tan especial año escolar. Para mí fue un privilegio compartir con ustedes tantos buenos recuerdos, como world's fair, sports day y noche de luces. Sin duda alguna siempre formarán parte importante de mi vida, pues no hay forma de olvidar un grupo tan especial. Gracias por cada broma, torneo ganado, y tantas experiencias que pudimos compartir, también extrañaré el talento que tienen en el escenario, y ahora es el momento para empezar a vivir "The Greatest Show". Aún tendremos buenas experiencias por vivir, pero ustedes sigan luchando por sus sueños, no se cansen de hacer el bien, espero verlos triunfando en las carreras que decidan estudiar y mientras lo hagan, nunca olviden estar *siempre alegres!*

Daniel Reyna
Homeroom Teacher

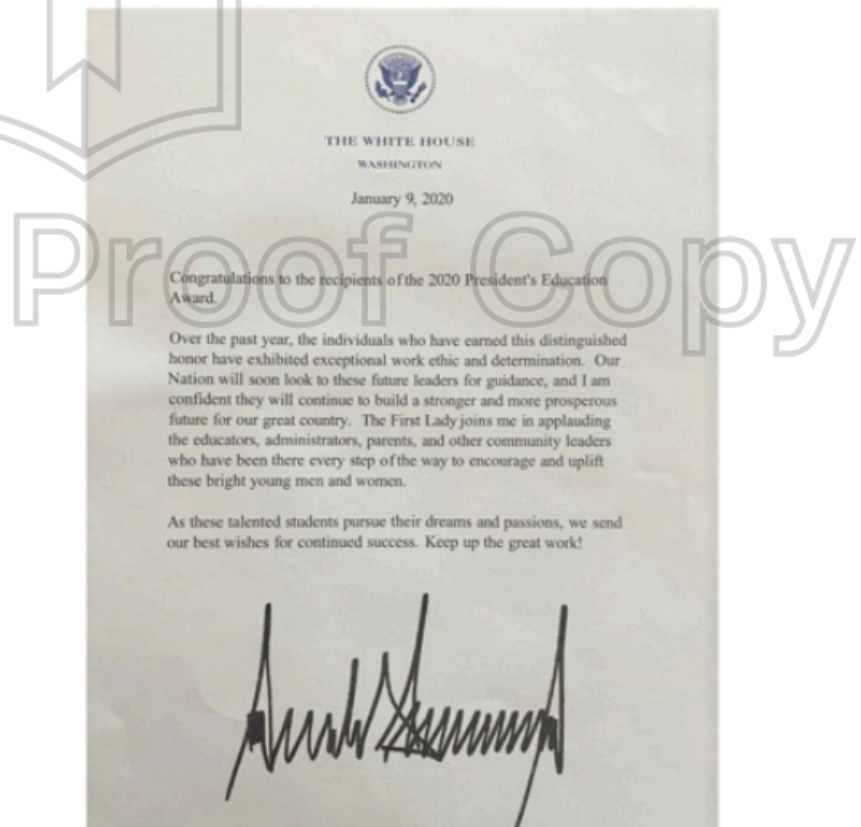

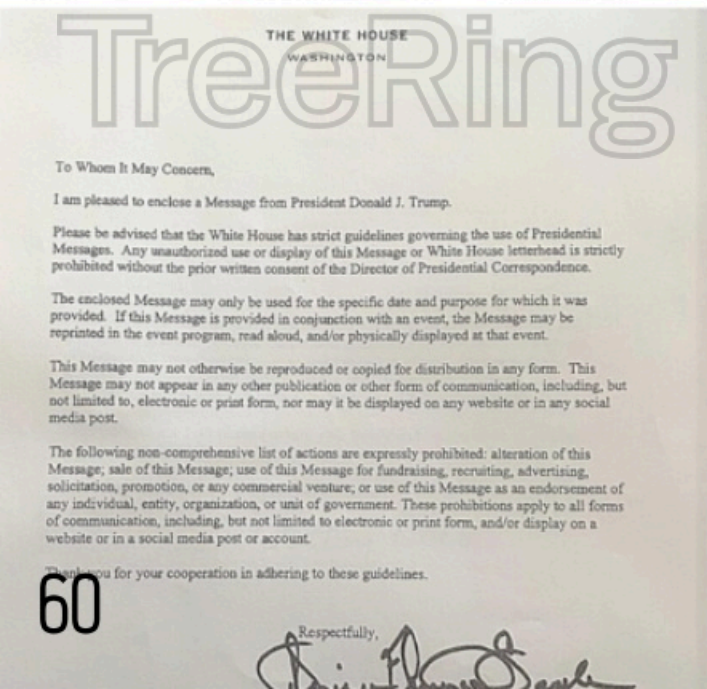

DULCE CAN PINEDA VALEDICTORIAN

"LET'S DEMONSTRATE WHAT WE HAVE
LEARNED TO GOD, OUR COUNTRY,
OURSELVES AND THE WORLD"

DOMÉNICA LESZCZYNSKI SALUTATORIAN

"FUN, SPARK AND TEAMWORK ARE VERY
IMPORTANT FEATURES, NOT ONLY BECAUSE OF
THE MEMORIES WE CREATED WITH THEM BUT
BECAUSE WE'LL NEED THEM FOR THE PRESENT
AND THE FUTURE"

My name is Dulce Can Pineda, I started attending CAS when I was 2 years old now I am 16. I have decided to attend Embry- Riddle Aeronautical University located in Daytona beach FL. This school has formed and taught me many values that would prepare me not only for college but for life. Along the way I've met wonderful people that inspire me everyday and have taken part of my decision of pursuing Aeronautical Science. I always thought we would try to be unforgettable seniors and this was an unusual year for everyone. Even tho we couldn't finish face to face we enjoyed every second of it like if it was the last day. From Carlos making shukos, the boys winning the basketball tournament, Kahoot's with Mr. Reyna, disagreements, and celebrating victories together.

We should always expect the unexpected and remember we can plan the rest of our lives but God always has better plans for us. The world is cold but it's our job to bring something new and change it. We should give what we would like to receive. My biggest inspirations are God, my parents, my best friend and of course my siblings.

I would also like to thank my family, my grandparents, aunts and uncles and Mr. Reyna for not being only an amazing teacher but also preparing me for life and showing me a different prospective of the world. He would always remind us to be "perfect" and be the best version of ourselves. He helps us build values for school and life.

The woman I admire the most is my mom, she fights for what she wants with patience and courage in God's path. She works all day no matter what time it is nonstop to see my siblings and I happy and safe accomplishing our dreams in life. I promise I will work hard to make her proud and take care of my siblings Matthew, Eve and Krishtell who impress me each day with their unique talents.

I have the privilege of watching them grow everyday, they are the reason I keep working hard because I know I can't give up on them. I look up to how my dad has gone through a lot of sacrifice to be where he is at now, he always says "we live by faith".

My mom has taught me the sweetest side of life and my dad has taught me the harsh side of life, everyone has to fight their own battle and overcome it on this earth but most importantly do good and reach eternal life. I thank God for giving me amazing friends through this school journey. Enjoy every year at CAS because it will go by faster than you can imagine. I thank my my classmates for making this year unforgettable and my aunts Vannessa and Liliam de León for making my summers full of joy and learning to be independent, strong, fearless and grateful.

Between these unforgettable friends, Caleb has grown up with me and I am lucky to call him my older brother. I know God has enormous plans for him and I'm proud of the man he has become. I admire Andrea's ability to capture our best moments and always making someone smile instantly without trying. Flavio and Sebas have been that fun spark this year, but also hard working men with big futures to uphold. The bar is set up above our heads, it could be from being the best son's and daughters or trying to fill in our parents or siblings footsteps, but never let your dreams second, take your dreams and your obligations hand by hand. Don't find someone else's happiness but find your own, find what makes you happy. What makes us stronger is actually doing what we propose ourselves to accomplish and falling but always redeeming ourselves and take our scars for inspiration and learn from our mistakes and people. Saying we will do something is harder than actually accomplishing it, words mean nothing without actions, but always set your goals and dreams for motivation. Hard work, discipline, dedication, and faith have helped me through senior year, stressful times will come but don't let all the hard work you already put in go to waist. At the end, places are just written but actions speak by themselves and school helped us build character, learn about friendships and about ourselves for life. Let's demonstrate what we have learned to God, our country, ourselves and the world.

Dulce Can Pineda

"Welcome, everybody who is reading this. I'd like to start by congratulating the graduating class of the year 2020. This year wasn't normal, neither easy, but each student worked hard with the online system and tried ways to have fun and keep in contact with each other. I would also like to congratulate and thank each of the teachers because they looked for ways to make the classes more interactive. For some of them, technology wasn't easy to deal with, yet they gave their best efforts. Thanks to our homeroom teacher because he would make this enjoyable, special and he showed us the fun side of Math subjects. Also, thanks to faculty members. The decisions they had to make were complex, but they managed to find a system where we could still learn and finish the year with no complications. My name is Domenica Leszczynski. I'm a senior student of 2020. To be honest, I wanted to create a formal and academic salutation. However, all this time within my classmates, our guide teacher Mr. Reyna and other students, the qualities that would describe that time the best would be "fun, spark and teamwork." Why? Let me explain those three words with some stories from my class

Fun - In this class, fun was just as important as math, we had it every day, no exceptions. In Mr. Reyna's class, Disney was a serious topic, even more so, if I mention the "Guess the song" game or the bonus points at the end of each quiz or the "Rumpelstiltskin's" negotiations that always ended up in Mr. Reyna winning the bet. In other classes. There were things like playing swords with the pool floaties, turning off the lights, fighting for the bean bags, lifting students from their seats and playing the Sandwich game.

The memories we had when we were on the buses, the nicknames we had for each student that was connected with a story, Itra and the males pretending to drive a bus, and simple as chatting inside the classrooms. "Best for last," people say. The combo only seniors will know "Fan, cancer, Haroldo Villa, stapler, tammy, bread; Crucified Thanos and sword and ball." And now, all seniors understand while everybody else is confused. Each senior had one particular ability, this one could be demonstrated verbally, creatively and with actions.

Spark - Seniors would have a spark not only with jokes but also for tournaments, games, school activities and more. This helped us a lot to make activities really fun for others such as Movie Day, Friday sales, December's play night, Fifa and Sports tournaments. Besides, the "spark" can be also represented in the connection the classmates had. This class had its problems or flaws, but it was perfect. These faults didn't stop the bond we had. If one of the students felt bad or had a problem, there was always support. In some of the chapel days, there was a prayer with everyone hugging each other, we had special moments, where we would think as one. Also, a good memory of this was the day we all came out of the class crying because we had to write a letter, the letter was made out of the idea of us being in the plane and knowing we could die in there. That day, the class walked out with the biggest existential lesson, although Mr. Reyna would always have something good to leave us thinking about.

Teamwork - There was no activity where seniors wouldn't work together, each one of the students would help with their best ability and everyone collaborated with throwing ideas or strategies. The class would always discuss things together and create plans. The senior's best moments to describe teamwork would be Sports Day and every choreography we created. On the funny side, the class would work even more together with planning humoristic things such as making cheers like "El que no salte, la negra es." When speakers were around, the strategies were made so that music could be played. Plans were made so that teachers wouldn't check or send homework. At the camp, the pranks or getting together to throw people at the pool, which was successful.

In conclusion, "fun, spark and teamwork" are very important features, not only because of the memories we created with them but because we'll need them for the present and the future. We might grow up, spend a lot of time studying or working, but not everyone can find the fun side to it and bring a good thing out of each day, no matter how busy it is. As to spark, this quality will be essential to enlighten others and to make decisions related to our responsibilities. The last one, teamwork. Anywhere where you have to discuss, plan and deliver, teamwork is the key.

People who excel in teamwork are natural leaders. So, I would encourage each senior to never forget what we've learnt and teach others as well. Each one of us is amazing, has great potential and capacity of doing anything that we set our minds to. For each student or best to say, my friends, I wish that they'll be able to accomplish every goal they have in mind. I hope they bloom in every aspect of their lives and more importantly, that their lives we'll be filled with lots of memories and enjoyment. I thank you all for every memory I shared with you, for your friendship, the unconditional support and the special or funny moments. We shared cries, laughs, successes and failures. So, don't cry because it's over, be happy that it happened. And as Mr. Reyna would say "Siempre alegres." "
