# Christian American School

of Guatemala

**Heather Haddox**  
Founding Director

"I give thanks to God for many blessings and congratulations to CAS on this 10th Anniversary year. It was my pleasure to be the Founding Director of the school during the years that I lived in Guatemala serving God with you in missions."

I never imagined when the school started 10 years ago that it would grow to be what it is today. I pray God's blessing on all graduates, students, teachers, administrators and parents! Education is a super power, one that I hope that all children, regardless of socioeconomic status, will have equal access to in order to give back to their communities and make a positive difference in the world. Use the gift of education to glorify God and help the people He loves! I feel privileged to have been a small part of the journey. May God continue to shine His light brightly on CAS so that you can be a light unto the world! "

**Mrs. Vivian Pineda**  
Founding Director

As one of the founders of Christian American School, the past eleven years have been a privilege for me to see the physical, academic, and spiritual growth of our students. It is also a big blessing to see how many of our students have been successful in attending colleges outside of the country.

It is an honor to develop people who are going to be the future generations of Guatemala, people who are going to be professionals that serve with a knowledge of God, Family, and their country.

**Mr. Chad Shepherd**  
Principal

I give thanks to God that I have shared this year with our staff and students at Christian American School. This year has been a process of discovering that I am right where God has called me to be. I believe it is no mistake that we are all here together.

Being Principal at Christian American School has allowed me to be a part of a great team that is committed to providing our students an excellent education, and connecting people to Christ and the Church.

Above all, we are all people in need of the love and generosity of God. As we learn to accept His love, and yield fully to His plan for our lives, we come to understand that we can also extend His love to others. I give thanks to walk together with you in the mission of God, restoring our relationship back with Him.

# Christian American School

of Guatemala

**Mr. Kottke**  
Academy Director

As my first year as Academic Director comes to an end, I want to take this opportunity to express a few reflections and words of thanks. I ask each of you to think about this question: What really matters? This is the big question and the answer you give can change your whole perception of life.

I believe that as your "overseer", of your academics, you might expect me to say that grades are to be the most important in your life. But in truth, the wellbeing of each and every one of you is what really matters. I have watched each of you struggle and grow both intellectually and spiritually. I truly believe that "through God all things are possible", Matthew 19:26. Continue your spiritual growth and all else will fall into place.

For my elementary students, may I give you these words: there is a reason why everything is done; you just may not see it right away. Be patient, open minded and willing to learn every day of your life. Know that God has a plan for you and it is His plan.

Middle schoolers: you have more knowledge but not always the wisdom that you need. Listen intently to your teachers and you may just understand a bit more of life's mysteries.

To my High School students: Procrastination is a killer!!! Use your time wisely and make sure the work you need to do is done before the actual due date. Make time to spend with your friends, yet always remember that you are in school to receive an education and to better yourself, so make your education your top priority. Always remember what I have said all year, "Be selfish in a kind manner and keep on asking until you understand."

My blessed Senior Class of 2015: The most important concept anyone will attempt to pass onto you is this; ASK FOR HELP WHEN YOU NEED IT!!! Please know that it is not a bad thing to not understand, that is normal, it is however a bad thing if you do not do anything about it. Along with this, stay true to God, look to him when you doubt.

*Blessed is the man who trusts in the Lord and has made the Lord his hope and confidence. -Jeremiah 17:7*

**Ms. Jenny Garcia**  
Preschool Director

As the Preschool Director I am extremely excited to be part of Christian American School's Preschool. Another great year has passed and with that, a year of learning, fun and great friendships. I am very proud of the achievements accomplished, especially the hard work of the students and staff. We have shared many memories like that of Friendship Day and Splash Day that will always stay with me.

**Ms. Andrea Baeza**  
Board Director  
CAS Carretera

We are very happy at CAS, to be growing in knowledge but also in size.

It has been a pleasure for me to be the Director in the New Campus.

It is very pleasant to see all of our students learning lots of new content but also very exciting to see them learning more about how to raise their wings and fly like eagles.

Raising Christian citizens and students is one of our CAS Statements. So, we are very proud of what our children have accomplished during this past months.

We are looking forward to have a wonderful next 2015-2016 School Year.

Blessings,

Andrea T de Baeza

# PRESCHOOL

Ms. Jenny García Homeroom Teacher    Ms. Estela Hernández Homeroom Teacher

Every year is always filled with its memories. This year each of my little ones have left an impression on me I will never forget. Their great big smiles and beautiful laughter and most importantly each and everyones giant personalities in such tiny little bodies. I will always treasure our story times, especially Brown Bear, Brown Bear and seeing thier love for music and how they love to move. It has been a joy seeing how they have grown since September, they walked in as babies and now leaving on their way to continue their academic career. Ms. Jenny

Para el grado de toddlers fue un nuevo comienzo tanto para nosotras como maestras y para ellos, porque Christian American School se convirtió en su segundo hogar. Podría llamarlo "un reto" por la sencilla razón que esas pequeñas personitas aprenden todo de tu persona hasta llegar a convertirte en su segunda mamá al punto que escuchas "mami" por todos lados. Agradezco a Dios por haberme dado la oportunidad de ayudarlos a crecer como personas y saber que ellos harán una mejor Guatemala

It's incredible how quickly this year has passed, but with it leaving a lasting impression in my heart. Nursery has been a special group with their energy, love and laughter. But what has moved me most is their determination and willingness to learn. Always keep that "I can do it" spirit. I look forward to watching you move onto Prekindergarten!

Nursery es un grupo muy especial, único y activo pero sobre todo puedo decir que cada pequeña personita que es parte de él este año 2014-2015 hace que mis días sean llenos de alegría, cariño y aprendizaje. Estas diez pequeñas personitas tienen sus propias personalidades que te hacen ver que en la vida debe existir siempre el amor y la inocencia.

Estoy orgullosa de verlos crecer, aprender y espero de todo corazón que algún día sean profesionales que hagan de Guatemala un mejor país.

It has been a wonderful year. I have been blessed with great students who brighten my day with their energy, charisma and imagination. With God's guidance this year was especially fun because of the nicknames each child choose for themselves. Such as Spiderman, Iron Man and Hulk. I will always smile when I think of superheros. I KNOW my students will continue to SHINE as they move on to kindergarten and throughout life.

Words cannot express how much this year has meant to me. Watching you grow, learn, play, and laugh has been one of the best gifts I have ever received. When I first met you, I knew we would have fun times together, but I never thought we would become such a close family. Thank you for always being so eager to learn and for feeling such pride in your own achievements. Every day was fun and exciting because of our chats about books like Stellaluna and The Giving Tree, laughing about Linus the Minus, and our special snack-time prayers. I will miss our discussions during story time on the Circle Carpet, your loving good mornings, and your big hugs that brightened my days. I pray we will always keep in touch so I can see how uniquely successful you all become. I wish every happiness life has to offer and hope you always remember the fun we had... I know I will! What a fun year it has been in Kinder B! This year has brought about a lot of learning and a lot of fun. This year has been so much more than reading, writing, and math. We have made many memories to last a lifetime, such as our Mother's Day poem, our graduation song (popcorn), our wiggles song, and so many more. Our field trips stand out to me as a wonderful memory. Our trips to Divercity and the theater were so much fun and a chance to interact outside of a school environment. We have learned to work together in teams to accomplish everyday tasks and built friendships through it. As we have learned English, it has been fun to see students put what they've learned into action in our English game and interaction with guests at CAS. Thank you Kinder B students for a wonderful, fun filled year! Good luck next year in first grade Ms. Chelsey

## GRADE A & B

### 1<sup>ST</sup> GRD

Ms. Christa E. Kummerfeldt  
Homeroom Teacher

Jessica Goertzen  
Homeroom Teacher

It has been an honor and a privilege to be part of the CAS family during this school year. The 2014-2015 school year was a year filled with learning and life-enriching experiences. All the hard work that you, the students, have done, has now become part of your lives. I encourage all of you to always give your best. It does not matter how difficult things may seem, in the end it will all be worth it. May God always shine in your lives, as He is the one that helps us through all things. I'm very proud of you. And always remember: never, never give up!

Ms. Christa Kummerfeldt.

It has been a joy to teach this group of first grade students this year. They have lots of energy, enjoy learning new things and are always ready to give a hug to someone who needs it. For Valentine's Day, we did a secret Valentine project and it was very cool to see the students proudly give their friends the gifts.

Two highlights from first grade were the field trips. On the first trip we went to Divercity, where students practiced doing adult jobs by becoming firemen, veterinarians and chefs. The students also enjoyed the Elementary Retreat, where we hiked up a mountain, sang songs in chapel and played in the pool. In the classroom, we have worked hard as well. Their main accomplishments have been learning to read in English, and learning addition and subtraction in Math. The students also like using songs to learn and can often be found singing the songs during recess or lunch time. It is amazing to see how much each student has learned and grown throughout this year.

This year in second grade we grew up and we grew together. We grew in love, creativity and knowledge. We spent time learning, reading and even dancing together. We had an unforgettable experience on our retreat; coffee, avocados, swinging, swimming, exploring, praying and singing endless songs on the bus. We are thankful for having been able to be a part of the CAS family this 2014-2015 school year. 3rd grade here we come!!

This year was a wonderful and blessed adventure with my 2nd grade students. I encourage them to keep learning about social studies, Science, Art and also may they also grow in wisdom and knowledge God bless you With Love

### MEMORIES OF FOURTH GRADE

Who is the new teacher? Is he nice? Is he fun? Will I like him? Mr. Scheibe! Who? Wow! What a start of the year! Wow! And now Mrs. Scheibe! Ms. Karla! Thank you! We are learning a lot! School is fun! Remember Moving Day? And Moving Day number 2? And Moving Day number 3? We are good MOVERS now!! Me-me!! Me-me!! Meme!! No Me-mes allowed!!! Hahaha!! No more Me-mes!! Learning and learning we had fun.....Around the World.....Simon.....Telephone.....Word Games.....At the White Board.....Speed.....All the learning games we played and many more! We laughed, we cried, we learned, we became a family to cherish forever. We decided to be the BEST and on Science Fair Day we showed we can be the BEST! And.....South Korea was our country for the World's Fair and we were good! We learned and we taught. We had fun! Everyday something new in fourth grade! Thank you Lord for our fourth grade year together!

### 5th Grade Class – R E S P E C T

What a year this group has had - new classrooms, new teachers, and a new outlook on life – respect. Although our time together was too short, these students have grown in leaps and bounds. They have learned far more than just math, science, and reading – they have learned to like their classmates, respect their teacher, and love themselves. With laughter, reminders, and prayer, the 5th graders have realized that success will come with sharing, hard work, and acceptance. We must share our knowledge and friendship, work hard every day to expand our minds, and accept our differences with respect and love. A work in progress, this class will soon be a masterpiece. With all my love, Ms. BB

6th Grade Class – Bonded with Love and Respect

It is with loving memories I say goodbye to my beautiful 6th grade class. This group of students is a teacher's dream. People thought I was an amazing teacher to have such an awesome class, but the truth is they are simply stellar students. During these past 2 years, we have laughed, cried, and dreamed as we learned together. Our classroom transformed into Italy and Egypt, books came to life through "stump the group" questions and hilarious skits, and students learned to respect unique viewpoints in our debates and discussions. We even had our own class dog, CASSie! God has always been the center and has held our group together through prayer, respect, and love. It is with pride and the knowledge that we have done our best that I send my beautiful class on to 7th grade and beyond. I know they will remember our time together with love and laughter and will keep those memories as they grow into the loving adults they are destined to be. I love you, Ms. BB Caleb has been the man of our class in every sense of the word, but especially because he watches over and takes care of us. No one was happier to have Jose join our class than Caleb. Dulce Nat, Sarah, and Nicole have been at CAS since the beginning, and I am certain they will be lifelong friends. Maggy and Dulce can always be together chatting and laughing. Valerie surprised us with her witty acting in our class skits. Desiree

Mr. Skip Paulson  
Homeroom Teacher

"It has been my pleasure to work with the 10th grade students at CAS during the 2014-2015 school year. During the course of this year we have covered some very difficult material: Ethics, Philosophy, and Psychology. The 10th graders have demonstrated repeatedly their intellectual metal, confronting the philosophical material head on and devouring it with zest. I have enjoyed immensely their enthusiasm for life and learning, their eagerness to meet new challenges, and the warmth and care they have exhibited towards their teachers and fellow students. I wish all our 10th graders the best in the coming year and in all their future endeavors."

# HIGH SCHOOL

Ms. Karina Soto de Hernández  
Homeroom Teacher

A mis estudiantes éste año he sido privilegiada ya que como grupo nos hemos identificado y convivido mucho. Me siento complacida con todos aquellos recuerdos de momentos inolvidable que dieron el paso a una innumerable travesía de acontecimientos que cambiaría mi vida docente, sus gestos de cariño, su manera única de darle sentido a todo, su personalidad creativa y sus múltiples formas de hacer que la clase de Español fuera un timpo de convivencia amigable para fortalecer nuestros lazos personales y crear así, la armonía perfecta. Los llevo en lo profundo de mi corazón. ¡Gracias por todo! Con amor, Ms. Karina soto de Hernández!

Mr. Daniel Reyna  
Hommerom Teacher

Everyday is a new opportunity to change the world, changelives, or be a better person. During this school year at CAS, I lived all these sharing experiences with the students and staff. Each class has its qualities and strengths. I hope to haveinfluenced and stretched them with academic activities suchas: magistral classes, science fair, the National Olympics of Science, and such extracurricular activities as the talent show and soccer games. Among the good memories, I willremember their great willingness to learn, the talks at lunch, coffee cups in class, games for extra credit and fellowshipamong the students. Remember always to enjoy life, and always rejoice.

Patrón  
**Mr. Reyna,**

We were honored to have you as our teacher; you came as a blessing into our lives. We learned a lot from you. You taught us chemistry, physics

and many other classes, but you also taught us life lessons, and helped us to get through this last year. You came and left a mark on every single one of us, something that we will never forget, because you were light to us. You helped us find meaning in very simple things, and enjoy every single moment together. You blessed our lives by being part of them. We thank you for this and for much more, but these few words cannot express how big of an inspiration you are to us. Just as Brad Henry said, "A good teacher can inspire hope, ignite the imagination, and instill a love of learning." and clearly you have done that and much more. Thank you Mr. Daniel.  
- Class of 2015

Patrón  
**Ms. Sheridan,**

We are thankful for all your support and help throughout this year. You pushed us and always tried to make us overcome ourselves; with all of this you molded us

to be better. We thank you because you inspired us to try harder and to show the world that even though we made mistakes, we learned from them. You encouraged us to look beyond what we have in front of us, and to take risks and not be afraid. We will remember you because you guided us in this transition of coming out to the world and making the best out of it. We feel blessed and thankful because of having you in our lives. The encouragement that you gave us is as what Dan Rather said, "The dream begins with a teacher who believes in you, who tugs and pushes and leads you to the next plateau, sometimes poking you with a sharp stick called 'truth'". We thank you,  
Ms. Sheridan.

**Ms. Gloria Shearer**  
PE teacher

Physical Education This year in PE class the students have spent most of their time learning how to engage in new games. The focus has been on integrating the skills they already have with some new skill sets. The younger students have been learning how to play games that make them think and strategize in order to achieve a goal while the older student have been learning how to play sports other than soccer. It has been a pleasure to work with all of our students this year and watch them learn to engage in active lifestyles. Some of my most memorable moments this year have been watching the younger student play with the BIG exercise ball and figure out how they can play new and different games with it. Watching our Middle School and High School student play soccer with an American football was priceless. Overall I believe our students had a fun experience this year in PE and have secretly enjoyed being active.

Bible Class Bible Class this year has started as a blank canvas. The entire school has explored areas of the Old Testament and learned our history as Christians. In elementary bible class our students learned mostly about the struggle of the Israelites and how they kept repeating the same patterns and yet our God never turned his back on them. The Middle School and High School students have taken an in depth look at the first few major events of the Old Testament and have started making correlations between what happened so many years ago and how those events are still impacting our world today. My favorite part of teaching our students Bible Class is watching them hear something for the first time or read something they had never read or see how the Bible is an entire narrative not just a collection of disconnected stories. Teaching Bible to all of our students has not been a job, it has been a blessing in my life. Thank you Miss Gloria

Queridos estudiantes hemos tenido un año maravilloso lleno de aprendizaje y alegrías, me llevo conmigo muchos recuerdos gratos de cada grado; sin duda cada uno es único. Recuerden que cada vez que suban un peldaño, agradécelo y valora tus logros, agradezco la oportunidad que tengo de vivir un año más con ustedes es innegable que el sentir gratitud y no expresarla es como envolver un regalo y no darlo. Enseñar computación es tan agradable para mi; pero enseñarles a ustedes es uno de mis privilegios más grandes.

**Mr. Kevin Brolo**  
Computer Teacher

My experience at CAS has been very rewarding and memorable. It's been a pleasure working with all of the Staff and getting to know all of the wonderful children that attend Christian American School.

Como en cada año está lleno de experiencias muy buenas y otras no tan buenas, pero este ciclo escolar ha venido cagado de vivencias muy positivas que lo hacen crecer a uno como ser humano. Somos educadoras por lo que hemos llenado de conocimientos educativos a nuestros alumnos, pero no se compara con lo que ellos nos han enseñado día a día sobre la vida. El escuchar cada ocurrencia que expresan nuestros chicos de forma tan inocente, cada gesto, un beso, un fuerte abrazo con esos brazos tan delicados, y escuchar a cada instante "TE QUIERO MUCHO MISS" son experiencias que uno se lleva en el alma.

Miss Vicky Yután

**Ms. Vicky Yután**  
Spanish Teacher

**Ms. Ariana Figueroa**  
Spanish Teacher

Este año ha sido de muchas experiencias, aventuras, risas y ocurrencias con los alumnos he llegado a aprender diferentes idiomas y culturas con ellos. Me encantaba el momento de regresar los días lunes a clases y recibir un beso y un abrazo sincero de cada uno acompañado de una frase como "miss la extrañé tanto"; me llenan de emoción y eso hacía que mi trabajo tuviera sentido.

Lo más difícil fue pasar el año resolviendo la incognita mayor; el porqué yo no estoy casada ni tengo hijos si ya soy una persona grande; pero lo más divertido fueron sus opiniones y comentarios al respecto; lo que me llenaba de alegría era saber que ellos se preocupaban por mi y de recibir frases como "estaré orando para que Diosito le de uno miss " y "usted va a ser buena mamá".

Fue de mucha bendición pertenecer a CAS este año y poder compartir un poco del amor de Dios a los alumnos por medio de mi trabajo.

Un viaje, una aventura, muchas maneras de llamarle, pero lo que si se es que dejo una huella y un recuerdo que permanecerá con el tiempo. Prekinder un grupo travieso, maravilloso pero sobre todo muy especial, donde las risas no hicieron falta al igual que las anécdotas que día con día hicieron de este viaje algo inigualable. Personitas que tienen un gran futuro, no se rindan y siempre miren hacia adelante.

Atte. Ms. Melany H

**Ms. Melany Soto**  
Spanish Teacher

**Ms. Wendy de León**  
Spanish Teacher

Durante el recorrido que llevamos en este ciclo escolar he aprendido que un alumno no solamente necesita de sistema educativo fomentado por el MINEDUC, además necesitan mucho apoyo por parte de nosotros, sus maestros, quienes pasamos la mayor parte de tiempo con ellos y por ello en ocasiones recibimos el cariño y aprecio de ellos de diferentes formas. Es sin duda alguna gratificante cuando en ocasiones los niños lo nombran y dicen "Mami", son recompensas que sabemos que el cariño y el apoyo que les brindamos crea una imagen distinta.

En cada clase impartida de diferentes grados existen diferentes caracteres de los alumnos, pude divertirme con cada ocurrencia que mencionaban algunos alumnos. Que la seriedad de una clase no es solamente para impartirla, parte de ello es también el divertir y hacer amena la clase recordando el respeto y la cordialidad. El tomar en cuenta que todos son personas con características distintas y hay que saber cómo tratarlos para no dañar su integridad.

Agradeciendo la confianza y el respeto que cada uno me ha brindado, espero de todo corazón que luchen por sus sueños y anhelos, que el único obstáculo que tienen son ustedes mismos y con la bendición de Dios todo es posible.

## CAS campus Carretera

Ms. Vangie Wertzbaugher  
English Teacher

I am very happy to be part of the Christian American School in carreterra, Km16.5. A new teaching position, it has been a professional challenge with many wonderful successes. In January I started with two students. Now we have a classroom of five two and three year olds. So, slowly but surely we have been growing both in numbers and in our personal development. Every day is a new adventure and I feel privileged to be able to see each of my students grow. We have been able to learn new things each month, establish new routines. We even went together on a really fun field trip to see a musical play. To sum it all up, I came into the New Year with high hopes and expectations and I couldn't be more pleased with how it is all going. I feel blessed with the wonderful staff that I get to work with each day. Nothing is done without teamwork and the help of God. Thank you for letting me be a part of this new adventure. Sincerely, Mrs. Vangie

*"In his heart a man plans his course, but the Lord determines his steps." Proverbs 16:9* We started out our new school year with plans of a school full children and teaching certain subjects. God had other plans up his sleeve! We have many classes and few students. It has been an amazing time helping these precious students. We have learned many things together.

*"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future." Jeremiah 29:11* We know that God's plans for the coming school term are going to be better than we could ever imagine. Big! Better than ever! The absolute Best!

*"...but those who hope in the Lord will renew their strength. They will soar on wings like eagles; they will run and not grow weary, they will walk and not be faint." Isaiah 40:31* I have been blessed these past five months to work with such great people, a lovely campus, and the most wonderful students. I know that our strength will be renewed as we accomplish every single goal for this first year. Miss Erika Wood!

Ms. Erika Wood  
English Teacher

**Ms. Monica Lee**  
English Teacher

I began this school year teaching my students how to exercise the fruit of the Spirit in the classroom and helping them sing, "This is the day that the Lord has made; let us rejoice and be glad in it!" What I realized rather quickly was that I was also learning these very things. Through my wonderful students, God has been working steadily on my patience, peace, joy, gentleness, self-control... you name it. Thanks to the goodness of God, I have grown so much this year as a teacher and a person. One of my proudest, gladdest memories is of one student learning to verbally, rather than physically, express his emotions. Another is watching my class growing into cooperative classmates and teammates, especially with the help of our English Teamwork Star Chart and rotating roles of Classroom Helpers. From the beginning of the year until now, I can see that my students write more carefully, think more critically, adapt more readily, and play more kindly. While some days are more fruitful than others, our school year thus far has been a positive challenge, and my students are joys and gifts to me. I thank God for the opportunity of working as part of our Eagles team on la Carretera. Each day is really the day God made, and each day through all sorts of situations, I am learning to rejoice more openly.

Enseñar es uno de los goces de mi vida, transmitir nuevos conocimientos con pequeñas mentes ansiosas de aprendizaje es una de mis prioridades, ir por el camino de Dios es saber que estoy haciendo las cosas de la manera más correcta.

En Christian American School las cosas buenas se combinan, son nuevos retos profesionales y personales que con perseverancia se cumplirán.

Con ayuda de un equipo entusiasta, colaborador y sobre todo con amor a la educación, Nuestro campus de Carretera a El Salvador llegara muy alto.
